## ORGANIZATION COMPLIMENTED BY RED CROSS WORKERS HERE

Method by Which War Drives Will be  
Conducted Source of Comment  
at District Meeting

IS URGED THAT IT BE COPIED

Counties Whose Organization Is not  
Complete Receive the Necessary  
Information

E. B. THOMAS IS IN CHARGE

Will Not Only Direct Drive in This  
District But Will Be Assistant  
State Director

Rush county's canvassing as well  
as executive forces for the ap-  
proaching Red Cross drive to be  
made during the week of May 20 are  
completely organized and ready to  
begin the drive when the time ar-  
rives.

This fact was disclosed yesterday  
afternoon at the district Red Cross  
meeting when organization plans for  
the \$100,000,000 drive were discus-  
sed by C. F. Coffin, state director for  
the fund. Rush county's war relief  
organization, a permanent organiza-  
tion to handle any drive which might  
be made during the war, was highly  
complimented by the state organizer  
who suggested that the other coun-  
ties of the district pattern similar  
organizations.

Excellent results were obtained at  
yesterday's meetings, which were  
held in the First Presbyterian  
church and counties which had not  
completed their organization for the  
drive, received all of the necessary  
information and expected to com-  
plete this preliminary measure at  
once.

There were 164 Red Cross work-  
ers, representing the nine counties  
in the district, at the session yester-  
day. E. B. Thomas, who is chair-  
man of all Red Cross work in the  
district, was appointed district  
chairman for the approaching drive  
as well as assistant state director.

Red Cross posters, to be used in  
connection with the campaign were  
displayed and will arrive at the local  
headquarters sometime next week.  
They have been painted by some of  
America's foremost artists and the  
suggestiveness and originality which  
makes up each of the pictures will  
go far in opening up the hearts and  
purse strings of Rush county's resi-  
dents.

A. F. Bentley, state chairman of  
Red Cross work, conducted a ques-  
tionnaire following the completion  
of the drive preparations and Red  
Cross questions which had previous-  
ly puzzled many county organizations  
were explained.

In a short address concerning the  
work which is being done in Red  
Cross work ships in Indiana, a sum-  
mary of the excellent work being  
done by the women was given by  
Mrs. Hugh McGibeny of Indiana-  
polis. Word which is returned from  
France indicates that the American  
soldiers are being well cared for in  
the hospitals because a percent of  
each shipment sent to France since  
the entry of the United States in the  
war has been stored for the Sam-  
mies," declared the speaker. "The  
small number of Americans who  
have so far needed hospital aid and  
the enormous supplies which have  
been sent over by the Red Cross  
speaks for the truth of the asser-  
tions made from French hospitals  
caring for American boys."

The regular Thursday evening  
prayer meeting of the First Presby-  
terian church will be held at the  
church this evening at 7.30. Ad-  
dresses will be made by the dele-  
gates to the recent Whitewater  
Presbyterial convention at Rich-  
mond. All members of the congrega-  
tion are invited to attend.

## Home Service Department Is Explained

C. E. Watts of Cincinnati, Assist-  
ant Manager in This District,  
Shows Value of This Department  
in Address at Red Cross District  
Meeting. Has Many Ways of Serv-  
ing Soldiers and Families.

C. E. Watts of Cincinnati, assist-  
ant manager of the Home Service  
department in this district, discus-  
sed the object of the department at  
the meeting of the district Red  
Cross executives here yesterday.

"There is a duty, a privilege, a  
great opportunity awaiting those  
who give assistance to this branch  
of the relief work," declared Mr.  
Watts in a short address explaining  
the work of the department. "There  
is nothing which will serve the pur-  
pose of sending the boys away with  
a smile more than the assurance  
that during their absence, beyond a  
shadow of a doubt, their families are  
being cared for."

"The Home Service gives friend-  
ship in the dark hours when the  
battles rage on the foreign battle  
fields and money when the embar-  
assment of bills with no money  
comes face to face with the Sam-  
my's family, emphasized the speak-  
er who explained in detail the ex-  
cellent work being done in notifying  
families concerning the particulars  
of any member of their family who  
might be named in the casualty list  
published from day to day."

The notices sent out from the war  
department at Washington are nec-  
essarily brief and contain no infor-  
mation concerning the injuries or  
how they were received and if death  
results, the entire particulars are  
forwarded through the home service  
agents.

Rush county has completed a  
home service organization which has  
already served a valuable purpose  
in seeing that families in need are  
cared for and in securing prompt  
payment of soldiers' allowances to  
the folks at home.

George C. Wyatt and Donald  
Smith are at the head of the county  
organization, which is represented  
in each township by the following:  
Ripley, Mrs. S. L. Newsom; Posey,  
the Rev. J. L. Brown; Walker, Mrs.  
N. O. Gross; Orange, Robert A.  
Campbell; Anderson, Edgar Thomas;  
Rushville, George C. Wyatt; Jack-  
son, Jesse A. Leisure; Center,  
George B. Clark; Washington, E. L.  
Aikin; Union, Dr. J. E. Walther;  
Noble, George Spillman; Richland,  
Roscoe Linville.

## SOMEBODY SHOULD BE SHOT SAYS SENATOR

King of Utah Quotes Officer in De-  
claration Regarding Aircraft  
Production on Senate Floor

SENATOR AGREES WITH HIM

(By United Press.)

Washington, May 2.—Senator  
King of Utah, today declared on  
the floor of the senate that there  
had "evidently been something crim-  
inal" in connection with the aircraft  
production and "that somebody  
should be shot."

"An officer made that statement  
to me, and I agree with it," assert-  
ed King, during discussion of the  
aircraft program.

Several senators had bitterly cri-  
ticized the accomplishments of the  
board.

## CLEAN UP PROCLAMATION

The week beginning Tuesday, May 7th,  
will be clean up week and all occupants and  
owners of property in the city of Rushville  
will please have their trash and garbage in  
boxes and barrels in the alleys in the rear of  
the premises occupied, from where they will  
be removed by the city teamsters.

Please be ready when the teamster calls.

ARTHUR B. IRVIN, Mayor.

## CONCERT BREATHES CHAPPELL SHOWS PATRIOTIC SPIRIT UP FOR THE CALL

Ticket Sale for Grace Hall Rihel-  
daffer Recital for Friday Even-  
ing Is Excellent

PROCEEDS FOR YARN FUND

Concert Numbers Sung in English,  
Italian and French Accompani-  
ed by Prominent Composer

Because the concert to be given  
on Friday evening in the Main Street  
Christian church by Grace Hall Rihel-  
daffer contains that patriotic  
spirit which has brought inspiration  
into the lives of the boys in khaki in  
the various cantonments during the  
winter, it is expected to be an over-  
whelming success here.

Tickets are on sale with the mem-  
bers of the Tri Kappa and Psi Iota  
Xi sororities and in all of the down-  
town stores. The committee pushing  
the sale of tickets wish to make the  
affair go over with a packed house,  
first because the concert is one  
which is a treat to music lovers and  
also because the proceeds are to be  
used to buy yarn to make garments  
for the members of the men in the  
139th field artillery infirmary.

Madame Riheldaffer possesses a  
hell like soprano voice and her pro-  
grams which are given in French,  
English and Italian contain a variety  
of selections pleasing to the most  
exacting audience. She will be ac-  
companied by E. Edwin Curie, of  
Boston and Pittsburgh, who is an  
eminent composer.

With her wonderful soprano, her  
unaffected pleasure in singing for  
the "boys" and charming personal-  
ity, the distinguished concert singer  
has won her way easily into the  
hearts of her listeners and because  
she is a mother with a son "some-  
where over there" there is a bond of  
sympathy between herself and her  
audiences which is felt before the  
close of her first rendition.

The program is not a long uninter-  
esting affair, appealing only to peo-  
ple who have studied music for sev-  
eral years, but whatever she sings, it  
is with that stateliness, which is in-  
terwoven with a catchy air that  
makes it stick and "whistle" well on  
the street.

Madame Riheldaffer doesn't use  
all of her time for singing. Her  
many strange experiences in training  
camps where her concerts were the  
life and the feature of the winter  
activities, are filled with humor and  
interest.

Madame always sings with much  
feeling, but one can hardly help  
thinking of "Bill" when she sings  
the closing number on the program,  
"There's a Long Long Trail a-Wind-  
ing," and if a mother's love tinged  
it just a bit with sadness, a woman's  
bravery wins the day when she re-  
peats the number, with the follow-  
ing words:

"There's a long, long, trail a-wind-  
ing,  
Into No-Man's Land in France;  
Where the shrapnel shells are burst-  
ing.  
But we must advance.  
There'll be lots of drills and hikings,  
Until our dreams all come true;  
For we're going to show the Kaiser  
How the U. S. boys come thru."

Army Selection Board Finds it Un-  
necessary to Send Alternate  
With Ft. Thomas Increment

LARGE CROWDS SEES MEN OFF

Three Selected For Fort Harrison  
Call Monday—Phamlets Are  
Given to Selectives

David Chappell, formerly of Mil-  
roy, appeared at the last moment  
yesterday afternoon and went with  
the local increment of selectives to  
Fort Thomas, Kentucky. He did not  
report yesterday morning as order-  
ed and the board did not know until  
a short time before train time whe-  
ther or not an alternate would have  
to be sent in Chappell's place. Wil-  
liam H. Schmall was the captain in  
charge of the increment.

There was a crowd of several  
hundred people at the C. I. & W.  
station to say farewell to the boys  
when the train pulled in at 3:55  
o'clock. The crowd also cheered  
52 other selectives who were on  
the train. They came from Frank-  
fort and a number of other cities  
west of Indianapolis.

Since Chappell showed up for the  
Fort Thomas call, Charles M. Rem-  
ington of West Fifth street, the al-  
ternate, is the first man called for  
the Fort Benjamin Harrison incre-  
ment which leaves next Monday  
morning at 10:51 over the C. I. & W.  
for the Indianapolis fort. The  
three men chosen for this call are:  
Charles M. Remington, Rushville;  
George L. Fleaster, Rushville;  
Clifford Gibson, Rushville.

Each selective leaving here re-  
ceives a pamphlet entitled "Laws  
and Legal Suggestions for Indiana  
Soldiers and Sailors" and the names  
of the home service committee of  
the Rush county Red Cross. In case  
they want anything which the local  
committee can do for them while  
they are in the service, they are re-  
quested to address George C. Wyatt,  
chairman of the committee, or Don-  
ald Smith, the attorney for the com-  
mittee who supplies legal advice  
free of charge to selectives or their  
relatives regarding legislation af-  
fecting soldiers or sailors or their  
families.

The pamphlet was prepared and  
published by the legal advisory  
committee of the Indiana State  
Council of Defense. In it are brief  
summaries of the state laws regard-  
ing real estate and personal prop-  
erty and wills. It also contains a  
brief resume and the United States  
soldiers and sailors war risk insur-  
ance measure and the federal law  
protecting the civil rights of sol-  
diers and sailors. The meaning of  
"power of attorney" is explained  
and the government method of al-  
lotting pay. The state law regarding  
guardianship and custody of child-  
ren is also explained.

NAMES TO BE GIVEN

(By United Press.)  
Washington, May 2.—Names of  
nearest relatives and emergency ad-  
dresses of American soldiers, killed,  
wounded or missing in France, will  
be announced at the war depart-  
ment today.

## COUNTY IS CLOSE TO LAST OBJECTIVE

Fifty Percent Excess Quota in Lib-  
erty Loan Campaign Not Far  
Distant, Workers Believe

ENTHUSIASM IS KEEPING UP

Women's Subscriptions Amounting  
to \$3,800 Reported, Bringing  
Total up to \$158,100

Rush county was so close to the  
last objective to be reached in ob-  
taining her fifty per cent oversub-  
scription today that as the reports  
came in from the various townships,  
each was vying with the other in an  
effort not to be the last to report  
their subscription to the excess  
quota.

There is little doubt in the minds  
of Rush county loan workers but  
that Rush county has completed  
her big "bit" in the drive but be-  
cause the committee was unable to  
get in touch with all of the township  
committees, the excess quota  
mark could not be reported.

Despite the general totaling up of  
liberty dollars in Rush county, bond  
salesmen, bent on getting every av-  
ailable subscription before Saturday  
night, are working with the same  
enthusiasm which was evident at  
the opening of the campaign.

It has been suggested that during  
the last two days of the campaign  
the "last ditch" method of sales-  
manship be used, thus utilizing every  
possible effort to boost Rush coun-  
ty's totals. Slips are turned in at  
the liberty loan headquarters con-  
taining the names of residents who  
have failed to subscribe and they  
will be visited again and given an-  
other opportunity to "come across"  
before the close of the campaign  
seals their doom on the records of  
Rush county for the Third Loan.

In co-operation with the request  
of Miss Maybelle Pettigrew to "go  
on until Uncle Sam draws the purse  
strings and closes the Third Liberty  
Loan," Rush county women can-  
vassers are continuing their sub-  
scriptions the totals of which have  
placed them in the front rank of the  
women's department in the state.

Although the allotments of many  
of the township organizations have  
been completed the energetic work is  
being continued in all parts of the  
county and yesterday's subscrip-  
tions amounting to \$3,800 from  
Posey, Walker, Union and Center  
township brought the total subscrip-  
tion to \$158,100.

No report from Rushville town-  
ship has been made for a few days  
and with the final reports from the  
remainder of the out townships it is  
believed that the women's organiza-  
tion of the county will be success-  
ful in landing their fifty percent ex-  
cess quota of \$18,625.

## TAKES THOUSANDS FINNISH PRISONERS

Germans Capture 11,000 at Helsinki,  
the Capital and 5,000 in  
Viibori, Including Premier

LAST NAMED TOWN DESTROYED

(By United Press.)

Copenhagen, May 2.—The Ger-  
mans took 11,000 prisoners in Hel-  
sinki, according to today's dis-  
patch from the Finnish capital and  
5,000 in Viibori, including the Red  
Guard premier.

Viibori was bombarded for 11  
hours and practically destroyed.

The Finnish civilians and patri-  
mentary boards have agreed to a  
restoration of the monarchy but the  
Finnish demand continuation of the  
republic.

The "In To Win" War Savings So-  
ciety has been organized in the Gen-  
eral Electric company of Ft. Wayne.

## PEACE OFFENSIVE STARTED BY HUNS

Widespread Launching of Rumors  
and Printed Reports to Slacken  
Allies Old Game

ALL OF TEUTONIC ORIGIN

Meantime Germans Are Halted on  
West Front Emphasizing Import-  
ance of Franco-British Victory

(By United Press.)

Paris, May 2.—A German attack  
failed in the Thennes region, the  
French war office reported today.  
Thennes is on the south bank of the  
Luce river, midway between Han-  
gard and Hailles where American  
troops have been officially reported  
brigaded with the French.

Other German attacks were re-  
ported northwest of Rheims.

Washington, May 2.—Germany's  
expected "peace offensive" against  
allied morale seems to have begun,  
in the view of authorities here to-  
day. These sudden and widespread  
launching of rumors, printed re-  
ports, and whispered confidences  
reaching Washington, involving  
likelihood of peace offers, is merely  
Germany's old game to slacken the  
fighting spirit of her enemies.

President Wilson is not concerned  
in this latest war development.  
There is nothing to indicate the  
frank and open negotiations he de-  
mands before peace steps may be  
taken.

It is significant that most of these  
reports have had their origin in Teu-  
ton papers in neutral countries.  
There is nothing to indicate official-  
ly that the pope has changed from  
his recently known opposition to  
further peace attempts now. These  
persistent rumors of a new peace  
offer led to the general belief that  
German hope was father to the  
thought.

The Germans have continued to  
emphasize the importance of  
the victory gained by the Franco-Bri-  
tish forces in the hills southwest of  
Ypres early this week, by refusing  
to renew fighting there. Haig's re-  
port today shows that it remains  
quiet as a grave yard into which the  
deadly fire of the allies literally  
turned it.

A resumption of Hindenburg's  
drive is prophesied but he will need  
days or weeks to reform his shatter-

## ABILITY TO TRANSPORT AND EQUIP ONLY LIMIT

Secretary Baker Asks Congress For  
Right to Increase Army as Fast  
as They Can be Sent

BEFORE HOUSE COMMITTEE

(By United Press.)

Washington, May 2.—The war de-  
partment's ability to equip and  
transport men is the only limit to be  
placed on America's 1918 army, Sec-  
retary Baker today informed the  
house military affairs committee.

Baker did not present any defi-  
nite figures as to the number of men  
the department intends to send "for  
the double reason that any number  
implies a limit and that the facilities  
for equipping and transporting are  
constantly increasing."

He asked congress for blanket  
authority to increase the American  
army just as rapidly as it is pos-  
sible to equip and transport them.

President Wilson has not put any  
bounds around the number of Amer-  
ican fighters who will be thrown into  
the fray, Baker said.

Immediately after Baker's depart-  
ment the committee went into session  
to consider his request.

Members indicated the committee  
would quickly acquiesce.

## NEAR \$53,000 TO COLLECT

Taxes Should Average About \$13,000 a Day Until End

There is only about \$53,000 on the spring installment of taxes to be paid and four days to pay it in counting today, which means collections must average about \$13,000 a day. If all days were like yesterday the spring installment would soon be paid for collections amounted to \$19,485.41. This was expected because of a few large taxpayers making settlements.

## BICKHART GIVES UP MILL TO THE I. & C.

Relinquishing Control Marks End of Long Legal Battle in Local And State Courts

### BICKHART THANKS FRIENDS

Christopher J. Bickhart, who yesterday surrendered the flour mill at the foot of Morgan street on the mill race, which he has been operating for several years, on account of an adverse opinion in the Indiana appellate court, today sincerely thanked his many good customers for their liberality toward him. The mill will be missed here, but the Indianapolis & Cincinnati Traction company will either rent or sell it.

Relinquishing the mill to the traction company marks the end of a long fight. The I. & C. bought it from the Rushville milling company in order to get possession of the mill race and Mr. Bickhart claimed he had a prior title to the mill property. He lost his case in the local court and appealed to the appellate court where the lower court was affirmed. He was then denied the right of bringing the case before the state supreme court.

### DRAKE CHILD DIES

Myron Ross Drake, the thirteen months old son of Mr. and Mrs. Jesse Drake, died this morning at nine-thirty o'clock after an illness of several weeks of tubercular meningitis. The funeral services will be conducted Friday afternoon at four o'clock at the residence in East Second street by the Rev. D. Ira Lambert, burial taking place in East Hill cemetery. Friends wishing to call at the house may do so this evening.

## Knights of Columbus Heartens Khaki Boys and Gives Them Courage to Whip the Huns

The Knights of Columbus Operates Ninety-Eight Big Recreation Halls in Training Camps in the United States and Huts Near Trenches in France, and Gives Welfare Service to Many Thousand American Soldiers Every Day.

THE Knights of Columbus, which is doing a mighty welfare service for the comfort, pleasure and morale of the American soldiers both in training camps in this country and on the battle fronts in France, is planning greatly to expand its activities as the American forces of fighters is increasing. "Everybody Welcome" is the slogan the Knights are sounding in its big recreation halls in training camps and behind the trenches, and it is giving to the soldier boys the kind of encouraging help that the Y. M. C. A. administrators. There is no creed in the work of the Knights. The hospitality of its welfare work is extended without cost to all soldiers regardless of their religious beliefs. The Knights are bending all their energies to the one great end of helping the American fighters win the war.

To maintain the great work that is already in operation and to extend it as must be done as the size of the American army grows will require a public subscription fund with which to meet expenses until July 1, 1919.

The people of Indiana are asked to subscribe, and the "drive" in this state will be made the week of May 5, every county in the state to participate.

The Knights of Columbus has for several weeks been organizing its forces to make the drive, local committees being appointed in every county, which are under the direction of a general committee making its headquarters at the Claypool hotel, Indianapolis. The state executive committee includes the following: Madison Walsh, chairman, Indianapolis; Charles M. Niezer, vice-chairman, Fort Wayne; T. J. Connolly, secretary, Lafayette; William J. Mooney, treasurer, Indianapolis; Albert J. Veinerman, Evansville; William F. Fox and Thomas D. McGee, both of Indianapolis. Stephen A. Callahan of Fort Wayne is campaign director.

The Knights of Columbus, in extending its social and recreational service to the American army and navy, has the same government recognition as the Y. M. C. A. for the

Knights are doing the same kind of work. There is no overlapping, but generous co-operation prevails among all the welfare organizations. Catholics, Protestants and Jews are fighting side by side, and the welfare organizations are helping them without thought of sectarianism. The public is urged to forget religious differences and help boost the Knights of Columbus war fund, just as the soldiers disregard religious lines and drive away at the common enemy with a solid front.

President Wilson, Secretary Baker, Secretary Daniels, Governor Goodrich, and a long list of war leaders heartily endorse the work of the Knights of Columbus. General Pershing and General Foch, who are in close touch with the work of the organization in France, are urging that it be expanded as much and as rapidly as possible.

The drive for the fund in this city and county will start on Sunday, May 5, as a part of the state-wide movement, and the public is expected to respond as generously and promptly as other parts of the state.

## GOVERNMENT FIXES PRICE OF RUBBER

New Prices Are Ten Per Cent Lower But Are Same as Those Before Speculation Started

Washington, May 2.—The government has fixed standard price on crude rubber at assumed complete

control of the sale and manipulation of all stock through an order issued by the war trade board.

The order is effective at once. The prices fixed are 10 per cent below those of yesterday but the order does not say the government acted to jam down the market.

Speculation in crude rubber began 10 days ago and prices soared because dealers had learned of the orders. The government prices determined by the war industries board

are the same as those prevailing before speculation began.

The price fixing is only an incident to the real purpose of the government. It is a restriction on the import of crude rubber to conserve ship space, the order says.

It is announced rubber will be put on the list of restricted import soon to be issued.

## DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of unlooked blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

### Knights of Columbus Drive

War welfare organizations give soldiers in training camps and trench alike homelike comforts and recreation which the United States government can not give. They provide the means whereby the morale of the troops is kept good, which the soldiers deeply appreciate and without which, life in the army would be very burdensome.

Letters from the soldiers to the folks back home, as well as observations of all who have looked into the war welfare service make it evident that the service is not only going far in cheering the spirits of the boys in khaki, but that there is no likelihood of the service being overdone. There are too many thousands of young men in the camps and trenches for the welfare organizations to reach the limit in their activities.

The Knights of Columbus is entirely non-sectarian in giving aid, comfort and pleasure to the soldiers. The Rev. W. T. Manning, rector of Trinity Episcopal Church, New York, and chaplain of a regiment of engineers at Camp Upton, gives unprejudiced observation of the Knights of Columbus service. "I have had at Camp Upton," Dr. Manning says, "opportunity to see what this work of the Knights of Columbus is accomplishing and I say that it deserves the support of every intelligent and patriotic American. It is sometimes suggested, and with the best intentions, that the Knights of Columbus, Y. M. C. A. and Jewish Welfare Board, and others, ought to be combined into one organization. This would be the greatest mistake. One might as well say that the army might be strengthened by combining the infantry, artillery and engineers. We need them all and each one has its own work to do. To combine them would be a loss of power and it wouldn't work. Under present circumstances these welfare agencies work in the friendliest spirit of co-operation. No agencies are doing more to win the war than Knights of Columbus, the Y. M. C. A. and the others and they are all needed."

Next Sunday the Knights of Columbus start a campaign to raise a war camp fund to maintain and expand the organization's welfare activities until July 1, 1919. The state's quota is \$250,000 and the county's quota is \$3,000. It behooves Rush county to get behind this worthy project and put it across in a week with a whoop. Those who are not fighting can do their small bit every time the opportunity is afforded.

When preparing for the issuing of Thrift Stamps and War Savings Certificates, the national administration very wisely decided that they should not be subject to any taxes, federal, state or local. In this respect, they are entirely unique, being free when almost everything else of value is subject to impost. As the amount that an individual may hold is limited to \$1,000, this concession does not deal unjustly toward other security holders. It is simply an inducement to the small investor to make an unusual effort in his own country's behalf, by depositing as much of his surplus with the government as possible. Those who buy these little bonds—and all should do it—should understand in advance of the coming days of taxation return in April that whatever of their earned savings or surplus derived from economies is converted into Thrift Stamps and War Savings Certificates need not be recorded upon the assessor's blank. As the interest and principal are payable in

### A. E. I. O. U.

By Kenneth L. Robeats

Over four and a quarter centuries ago Frederick III, Holy Roman Emperor and fifth Duke of Austria, originated the phrase "Austria Est Imperare Orbi Universo," or "It is Austria's destiny to rule the entire world," and adopted the initials of the Latin words as his favorite device. Subsequent rulers of Austria have continued to have the initials A. E. I. O. U. engraved on their toilet articles, note paper, and cigarette cases in taken of the high estate to which Austria some day expects to rise. If Frederick III had been a good English scholar, however, and had been given the opportunity to observe the gay and carefree manner in which Germany is preparing to swallow the dual monarchy, he would have interpreted the letters A. E. I. O. U. by the words "Austria Ends in Overwhelming Upset," and eliminated all the nonsense about imperaring the orbi.

1923, neither is it necessary to make mention of the investments in the return to the income tax collector.

They are, as stated, absolutely free and, as they also pay 4 per cent compound interest, are the best securities that one can buy in these troubled times.

ing the fact that he is past the service age, remind him that those within that age are giving 365 days a year to their country, and that by scratching around right lively he might discover opportunities to employ at least a part of his time the same way even here at home. Many other things besides fighting are to be done.

### YOU Don't Have to Suffer

**BACKACHE?**  
Feeling tired?  
Shooting pains in sides? Ankles swollen? Joints stiff? Muscles sore? Do you feel bilious and out of sorts? Have you dark patches under your eyes? Do you feel that you are growing old? Are you annoyed at night with sleep disturbing bladder irregularities? Would you like to know of a good remedy for kidney trouble, the cause of most of these symptoms and ailments?

The best good-health insurance known is to keep the kidneys and urinary tract in the proper condition to do their work of filtering and throwing out from the blood stream, uric acid and poisons that settle throughout the system when the kidneys fail in their work.

### Foley Kidney Pills

will tone up and invigorate your kidneys. They banish backache and other symptoms of weak and disordered kidneys. They start you right toward good health. They soothe and heal the bladder and regulate the liver.

Why suffer when such a well-known remedy can be had with so little effort?  
Mrs. Effie E. Kleppe, Averill, Minnesota, writes: "I was at Fargo Sanitarium for three weeks at one time and two weeks at another time for rheumatism and kidney trouble and got no relief. And on my return home I began using Foley Kidney Pills and found immediate relief and about half a bottle completed the cure. I always have them on hand and use them when I feel any pain in my back."

# The Indiana Knights of Columbus \$250,000 War Fund

May 5 to May 12, 1918

Official endorsement of the Knights of Columbus War Activities:

"The Young Men's Christian Association represents the Protestant denominations, which will constitute roughly sixty per cent of our new army. The Knights of Columbus represents the Catholic denomination, which will constitute perhaps thirty-five per cent of the new army. While this Society is a fraternal organization, it will sustain exactly the same relation to the camps as is sustained by the Young Men's Christian Association, and will hold no meetings to which all the troops in the camp are not invited, regardless of religious or other preference." —SECRETARY WAR BAKER.

Secretary Daniels' Endorsement—

THE SECRETARY OF THE NAVY

Washington, 26 February, 1918.

My Dear Mr. Chairman:

There is no duty which civilians can perform more valuable than in giving young men in the Navy and Marine Corps the best moral atmosphere. Every dollar contributed to enlarging the usefulness of the service by the Y. M. C. A., Knights of Columbus and Young Men's Hebrew Association returns the best dividend. These organizations reach youths of every creed and of no creed and help the Navy to train them so that they can live straight and therefore shoot straight.

Sincerely,

JOSEPHUS DANIELS.

Mr. James M. McSwain,

Chairman of Campaign Committee, Denver, Colo.

Daily the work is being expanded; every dollar is invested to produce the fullest possible value of soul and body for the men with the colors. And just as there can be no limit to the growth of the work so long as the war lasts and the number of our forces increase, so must there be no limit to the work for the fund.

It behooves all who have not contributed to do so when the opportunity is given.

May 5 to May 12, 1918.

## NOBLE TOWNSHIP FARMER SUCSUMBS

Samuel Logan, Age Eighty Years, Dies After Two Months Illness With Heart Disease

WIDOW AND THREE CHILDREN

Following an illness of two months duration of heart disease, Samuel Logan, a native of Noble township died this morning at 1:30 at his home near New Salem.

The deceased, who was eighty years of age, was one of Rush county's best known farmers and had resided on the farm where he died, most of his life. His advanced age did not hamper his work on the farm, however, and until this season had taken an active part in all work on the farm.

Surviving Mr. Logan is his widow, two sons, Dr. H. V. Logan of this city and Will Logan who resides south east of the city. One daughter, Mollie Logan, who is a missionary in India, is on her way home according to information received recently. A year's furlough was granted and the message stated that Miss Logan left India April 20. The time of her arrival here, however, is not known.

The funeral services will be conducted at ten o'clock Saturday morning at the residence with burial in the East Hill cemetery.

## EDUCATIONAL DAY IS SET FOR JUNE 5

County Eighth Year Commencement Will Be Held Then, Board of Education Decides

JAMES G. MILLER RE-ELECTED

The county board of education at the meeting yesterday afternoon set Wednesday, June 5 as county educational day when commencement exercises will be held here for the eighth year graduates of the schools of the county. C. M. George, county superintendent was appointed by the board to make all arrangements for the exercises, including the engaging of a speaker.

The board was supposed to report on the enumeration of people of school age in the county, but only one trustee—the one from Washington—was able to make a report.

James G. Miller was re-elected county attendance officer as was forecast yesterday. There were no other candidates for the appointment.

## ARLINGTON MAN HELD ON CHARGE OF ARSON

Edwin Alzman out on \$1,000 Having Been Accused of Setting Fire to Father's House

JOHN WOLTER ALSO ON BOND

Edwin Alzman of Arlington has been arrested on a vacation bench warrant issued in circuit court, charging arson, and has been released under \$1,000 bond. John Wolter of this city has been arrested on a similar warrant, charging petit larceny. He is at liberty on a \$500 bond.

Alzman is accused of burning down his father's home in Arlington. The offense is alleged to have been committed over a year ago when Alzman and his wife were living with his father. Since that time a guardian has been appointed for the elder Mr. Alzman and he has been taken to the soldiers home. No motive is known for the crime with which he is charged.

John Wolter is accused of stealing coal. It is likely that both cases will come before the grand jury when it meets for the May term of court.

"Babes In The Wood"

Today is Fox Feature Day at the Gem theatre. William Fox presents the two winsome Fox Kiddies, Francis Carpenter and Virginia Lee Corbin, in a spectacular production of the old and charming story, "Babes in the Woods." This is a picture that will appeal to old and young alike. Another of Bud Fisher's world known cartoons "Mutt and Jeff" in "The Freight Investigation," is also a feature of today's program.

Earl Williams at Princess

"Confusion to all women," was Earl Williams toast in "In The Balance," but he came down from his frozen heights in short order when a beautiful actress needed a champion. Supporting Earl Williams in this drama of romance are Grave, D'Armond and Julia Swain Gordon. Friday, Marguerite Clark will be seen in her newest production of a well known fairy tale, "Seven Swans." This is a picture for "the kids," especially, Miss Clark says, for those from seven to seventy-seven, and so beautiful are the settings, so fantastic and weird the costumes of the various fairies and dwarfs, and so great is the appeal of the charming actress herself, that no one can afford to miss it. Saturday, Dorothy Dalton will be presented in "Love Letters."

The relief that "Geta-It" gives from corn-pains—the way it makes corns and calluses peel off painlessly in one piece—is one of the wonders of the world. The woman in

"Get Me 'Geta-It' Quick! It Eases Corn Pains and Makes Corns Peel Right Off!"

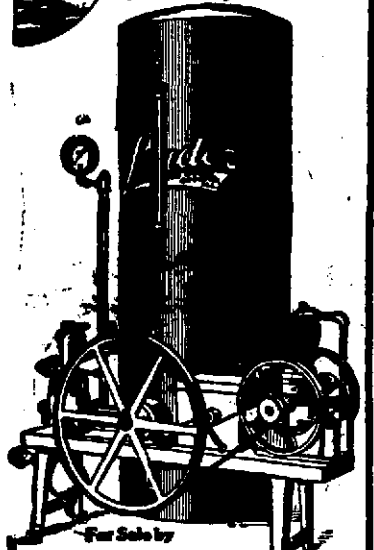

the home, the shopper, the dancer, the foot traveler, the man in the office, the clerk in the store, the worker in the shop, have today, in this great discovery, "Geta-It," the one sure, quick relief from all corn and callus pains—the one sure, painless remover that makes corns come off as easily as you would peel a banana. It takes 2 seconds to apply "Geta-It"; it dries at once. Then walk with painless joy, even with tight shoes. You know your corn will loosen from your toe—peel it off with your fingers. Try it, corn sufferers, and you'll smile! "Geta-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill. Sold in Rushville and recommended as the world's best corn remedy by Hazgrove & Mullin.

## INSPECTORS FOR PRIMARY NAMED

Officials For Election Next Tuesday  
to Nominate Candidates For  
Both Parties Appointed

EARLY REPORTS ARE URGED

Election Commissioners Want In-  
spectors to Bring in Count Soon  
as it is Completed

The inspectors, judges, clerks and sheriffs for the primary election which will be held next Tuesday, have been appointed and plans are complete for the voting. Candidates are making a thorough canvass of the county. There are only two contests on the democratic ticket and only a few on the republican ticket.

Only the names of candidates where there are contests will appear on the primary ballot. All candidates who have no opposition will be declared nominated by the election commissioners in accordance with an interpretation of the law agreed on by the democratic and republican state committees.

The law puts upon inspectors the responsibility of taking the official vote in each precinct to the election commissioners just as soon as it is counted. The commissioners will be in session in the clerk's office of the court house until the vote is all tabulated.

In every election there are always a few inspectors who delay taking the vote to the commissioners and delay their work. The commissioners urge upon the inspectors the necessity of report to them just as soon as the count is completed. They point out that the law gives them permission to send the sheriff after slow inspectors if they do not report immediately after the vote of their precinct is tabulated.

The precinct inspectors are as follows:

**Ripley**  
Precinct 1, James Terhune; Precinct 2, James Arnold; Precinct 3, Charley E. White.

**Posey**  
Precinct 1, C. L. Winslow; Precinct 2, Gurney Drysdale.

## NO ICE INCREASE BEFORE INQUIRY

Order Issued Recently by Barnard  
Forbids Raise in Price of Ice  
Without Investigation

EQUITABLE DISTRIBUTION

Administration Is Concerned That  
There Be No Profiteering, No  
Increase Over Last Year

In line with recent pronouncements by Dr. Harry E. Barnard, federal food administrator, relative to increases in retail ice prices, the law department of the federal food administration at Washington, in a lengthy telegram, announces the taking over of supervision of the manufacture and distribution of this commodity. Special emphasis is laid upon the point that there shall be no increase in price without careful investigation as to whether such action constitutes profiteering. Dr. Barnard has referred all inquiries relative to proposed increases in the retail price of ice to the communities in which they have arisen with the suggestion that they be worked out by representative citizens, who shall have access to all the facts, figures and records entering into the question.

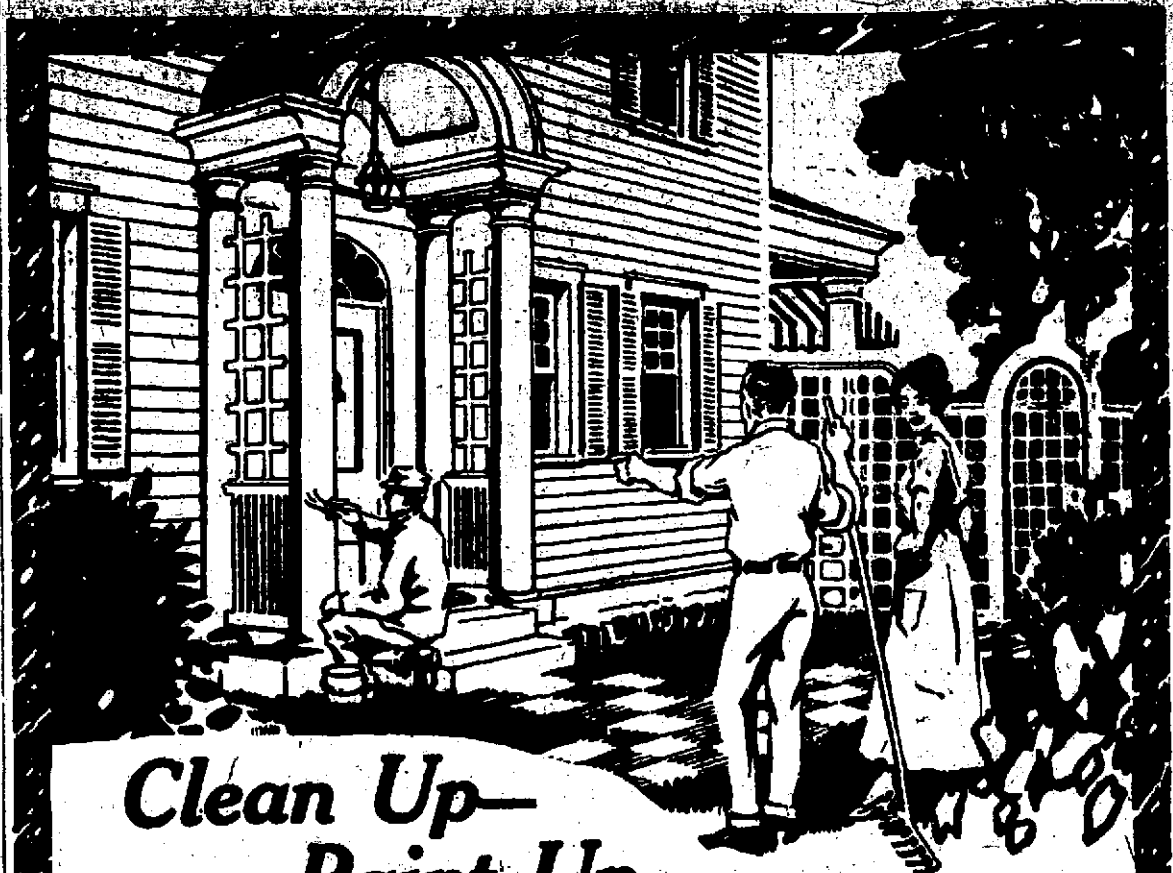

That there should be an equitable distribution of the source of revenue taken by every ice company, if the section of the food control law relative to "unfair practices" is to be respected is another interesting feature of the telegram which follows in full.

The law department has ruled that the manufacture and distribution of ice comes under the food control act. The food administration is concerned that there should be no profiteering in ice and especially that the cost of ice to those elements of the community which are unable to protect themselves, should not be increased over last year, unless absolute proof can be given by the ice companies as to the necessity thereof. Any increase in the price over that prevailing last season, to the household consumer, will therefore, justify an investigation as to whether it constitutes profiteering. All ice dealers should be required to file with you, any proposed schedule of increased prices before these increases are put into effect and no increase to the household consumer shall be made until after an investigation. Care should be taken not to injure the dealer by premature publication of the proposed increased schedule. Your attention is called to that section of the food control act in which provision is made with regard to unfair practices and in case of proposed increase in price, you should investigate the tendency to make unreasonably lower prices to commercial users than to domestic consumers, considering at all times, the cost in distribution. An unreasonable difference would be an unfair practice. The ice problem is essentially a local problem and we do not wish to interfere where local dealers do not increase prices, or come to an arrangement with municipal authorities which will be satisfactory both to the dealer and consumer. If, however, such settlement cannot be made by local authorities, in cases where there is an attempt, unreasonably to increase prices, we suggest that you investigate and in the first instance endeavor to arbitrate a settlement. Should this fail, please, so report and then we are prepared, in the interest of reasonable prices to use all the powers we have, including that of license, in any given locality, and to place ice handlers in that locality under the restraints of the food bill. It is greatly to be hoped that matters can be settled by local authorities in all cases and that as few appeals as possible be made to you.

Dr. Barnard has asked all county food administrators to use their best efforts to settle all ice price disputes, but where such effort fails to certify all the facts to him.

## SHOWS THE VALUE OF TESTING SEED CORN

Out of 120 Ears of Old Corn Tested  
by Lew Lewis of Manila, Only  
40 Fit Ones Are Found

### TESTING INCREASES YIELD

Not all of the old corn which has been bought and sold for seed in Rush county this spring has been good for seed, according to tests made by Lew Lewis of Manila, deputy food administrator for Walker township. He has tested more than 100 bushels of corn since January 1. Out of one group of 120 ears, he found only 40 fit for seed and out of another bunch of 150 ears, 97 were found good, which was the exception rather than the rule.

This and additional evidence is cited to show why every grain of seed corn planted this spring should be tested. Out of a grain test on 100 sorted ears, 97 sprouted and a test of 100 unsorted ears developed only 77 sprouts.

Seed corn which has been tested yields three bushels more to the acre than untested seed, it has been demonstrated. On the fact of these figures, Rush county will grow 400,000 more bushels of corn this year if every farmer will test his seed corn.

**POTATO CONSUMPTION PREVENTS FOOD WASTE**

Millions of Bushels Will Rot During Next Few Weeks if They Are Not Eaten  
**THUS CONSERVING WHEAT**  
Washington, May 2.—Fifteen hundred home-demonstration agents of the United States Department of Agriculture and the State agricultural colleges started out this week to carry the message of "Eat More Potatoes" to every American woman, rural and urban, who can be reached.  
They are saying that if potato consumption is not increased markedly within the next few weeks, millions of bushels will rot, the wheat-saving effort will not be wholly successful, and farmers may not plant enough potatoes this year.  
This nation-wide effort is the opening phase in a whirlwind drive to awaken the country to the necessity of saving the surplus potato crop. As it means also a saving of wheat, the combined forces of the Food Administration and the United States Department of Agriculture have undertaken jointly to urge these important campaigns.

**TO INCREASE THE ARMY**

**RHEUMATIC TORTURE**  
Take "Neutrone Prescription 99" and the Pain and Aching Will Vanish  
Rheumatic misery is now a thing of the past.  
It matters not how sore your joints are, or how swollen and painful, one bottle of "Neutrone Prescription 99" will make you feel fine and comfortable.  
"Neutrone Prescription 99" is a different remedy. It is a liquid that eliminates uric acid by absorption through the blood and quickly soothes and heals the inflammation.  
It quickly takes the agony out of joints and muscles and make them like new. "Neutrone Prescription 99" is a good thing to have on hand at all times. It is especially efficacious when an attack is coming on as in almost every instance it will, after a few doses rid the system of rheumatic poisons. 50c and \$1.00 the bottle.

**WHEN WEANING PIGS**  
Don't Let Worms Kill Your Hogs  
Every thoughtful Breeder fears the "set back" when the pigs are shut away from the sow at weaning time. For two and even more weeks the pigs may scarcely grow at all because the pigs' digestive machinery does not at once make the shift from Nature's own prepared feed to the coarse, uncooked feed suitable for older animals. This "set back" of two or three weeks means a full month in the maturity of the hog for market or sale. Acme Pig Meal being a cooked, malted, and pre-digested food, rich in available protein, takes the place of sow's milk at once. The pig keeps right on growing and the growth is in bone and muscle, giving the animal a vigorous bodily development on which later weight can be added rapidly. Three weeks of Acme Pig Meal Diet will give you the largest ten weeks pigs you ever raised.  
**ACME PIG MEAL**  
Is so delicately prepared that the "Baby Pig's" stomach can handle and digest it as it does the mother's milk.  
Very often the sow does not give enough milk for the large litters, and very often not even enough to enable the pig to hold his own, let alone pushing him along, and it is at that time the "Baby Pigs" must have some help, must have the REAL MILK SUBSTITUTE Acme Pig Meal, and if instead the "Baby Pigs" are fed raw, uncooked feed it means they will not thrive for the reason their delicate stomachs cannot handle and digest the raw feeds, and too, many of the litter will be "RUNTS," and they represent too large a per cent to be charged to the LOSS ACCOUNT.  
Acme Pig Meal is so cheap to feed, only costing 31 cents per gallon, that you cannot afford to be without it, and pigs fed the REAL MILK SUBSTITUTE always thrive and return a handsome profit, as it is the proper thing at the proper time.  
You cannot afford to feed your dairy milk, as the butter fat is worth \$600 per ton, but can AFFORD to feed Acme Pig Meal, the real milk substitute, as it contains the right amount of protein, fat and fibre and does what the cow's milk would do at one-fourth the cost.

# SILVER CUP TROPHY OF TRIANGULAR MEET

Rushville Will Participate in Track and Oratorical Events in Shelbyville May 11

## ATTEND BLOMINGTON MEET

A big silver cup will be awarded as the trophy to the winner of the triangular meet to be held in Shelbyville May 11 when Rushville, Shelbyville and Indianapolis Technical students will vie for the honors.

The local high school has entries in all of the events during the afternoon when the track events will be featured at the fair grounds and during the evening when an oratorical, reading and musical contest will be given in the opera house. Individual medals will be given for each event. Rushville has a wealth of material to pick from in all of the contests and has entered into all of

the races with the hope of eventually bringing down enough medals to return home with the silver cup.

The members of the track team will go to Martinsville Saturday where they will take part in a meet contesting for the honors with Bloomington and Martinsville. The events will begin at three o'clock and the Rushville high school will be represented by John Tompkins, Orville French, John Keating, Ogden Daily, Franklin Norris and Conwell Smith.

Rushville will contest the honors in the hundred yard dash, the twenty dash, high and low hurdles, pole vaulting and shot put.

## WOUNDED GO TO ENGLAND

London, May 1.—All American wounded in France will in the future be brought to England, it was learned today. A 2,000 bed hospital in Liverpool is in charge of the American Red Cross with a staff of American physicians and attendants. This is to relieve the hospital congestion in France.

# ORGANIZE FOR BIG WAR FUND EFFORT

Local Knights of Columbus to Complete Organization for Drive at Meeting Tonight

## FOR WORK IN ARMY CAMPS

Canvassing Teams to be Named to Have Charge of Drive Next Week in Rush County

A meeting of the Knights of Columbus of the Rushville council will be held this evening in the club rooms to complete the program for the war fund drive to be made through the county next week. Canvassing teams will be named and complete arrangements for the campaign will be made.

Thousands of letters written on the stationery of the Knights of Columbus from Hoosier boys in training camps to the folks back home forms vivid evidence of what the organization is doing to promote the moral and physical welfare, as well as to cheer the spirits of the troops. One of the outstanding features of the war is the activities of the Knights of Columbus and other organizations, all working hand in hand to the one end of lightening the burdens of the boys in khaki and stimulate them in heart and arm as they carry the American colors to a brilliant victory.

The letters from boys in camp and front line in Europe make it evident that their high spirits and contentment is very largely due to what the Knights of Columbus, Y. M. C. A., Red Cross and other organizations are doing for them. And the Knights are limited in their operations only by the funds the public is giving, for the welfare of all these organizations is entirely dependent upon the subscriptions which have poured in from all directions. The people of Indiana last spring gave \$93,000 to the war work fund of the Knights of Columbus, and during the week of May 5 a campaign for \$250,000 will be conducted in this state, this amount to go into the national fund of \$16,000,000 that is now being raised.

The Knights of Columbus is not drawing religious lines in its work for the soldiers, for "Everybody Welcome" is the conspicuous sign on its 98 buildings in American training camps, where 217 secretaries are on duty, and the same sign of open welcome is visible on the 20 huts of the Knight of Columbus in France. Hoosier boys, whether Protestants, Catholic, Hebrew, White or colored, are all participating in the camp enjoyments and comforts that the Knights are offering, and the Hoosier folks safe at home are asked to give the states quota of \$250,000 that the welfare work can be maintained where it is now established and greatly expanded among the American forces as they increase in the war zone of Europe.

Local committees are forming in every county in Indiana for the \$250,000 drive and the entire fund is to be expected to be gathered in a week.

# SCHOOLS ASSIST IN THRIFT STAMP SALE

Carthage Schools Sell \$1,476.75 in Stamps, According to Latest Available Report

## PURCHASE LIBERTY BONDS

The fact that all of the schools throughout the county have taken up the purchase of War Savings stamps to a great extent during the month which has just closed shows that the part of the students has been no small item in bringing this month's stamp sales above the sales of former months.

Schools in every township send in most gratifying reports at the close of each week and the fact that several schools in the county have a one hundred percent W. S. S. record shows that the county in general is becoming aware of the necessity of the sale of these stamps.

Carthage schools have gone into the sale of War Savings stamps in earnest and the report which was
